

World's Best

About the Magazine

World's Best magazine is an important part of Kenworth Truck Company's communications with the heavy-duty truck market. For nearly a decade, it has reached trucking professionals throughout North America, and served as a platform for our most important supplier partners to reach these same trucking professionals.

Kenworth is pleased to again welcome your advertising participation in this highly targeted publication, which is comprised of more than 130,000 owners. Remember, these names are provided by the Kenworth dealer organization, and represent current buyers and specifiers of premium spec'd equipment.

The editorial content of *World's Best* magazine remains a compelling blend of customer testimonials, new product announcements, business management tips, and factory updates.

2007 Schedule

There are two regular issues of *World's Best* planned for 2007, which will again be timed to coincide with both major truck shows: Mid-America in March, and GATS in August. Because space is limited, advertisers are encouraged to make their yearly advertising commitments as soon as possible:

ISSUE	MAIL DATE	MATERIALS DUE
Spring (MATS)	March	February 1
Fall (GATS)	August	July 1

Bonus Circulation! Again in 2007, we will be distributing complimentary copies of the magazine to attendees visiting the Kenworth booth at both major truck shows.

In years past, we have handed out several thousand copies at each show - another reason to be a part of *World's Best* magazine.

Ad Rates

FULL PAGE	1/2 PAGE	1/4 PAGE
\$ 10,000	\$ 5,000	\$ 2,500
